

Top 6 Reasons Businesses Use Leasing

BUSINESSES ACROSS THE COUNTRY ARE EXECUTING LEASE PROGRAMS TO PAY LESS AND BE MORE COMPETITIVE IN THE INDUSTRY.

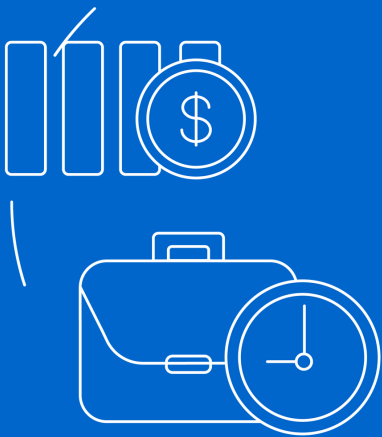

1) SPEND LESS

Pay less than today's cash purchase price for your equipment. Lease agreements typically provide the lowest monthly payment options for your assets.

2) STAY COMPETITIVE

Maintaining the newest technology with a disciplined refresh cycle allows you to avoid obsolescence, stay ahead of the curve with competition, as well as support employee recruitment and retention.

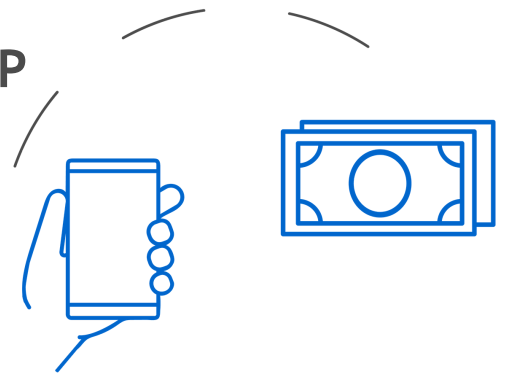

3) ACHIEVE PREDICTABILITY

Lease programs provide steady, fixed monthly payments so you can avoid unpredictable budgeting. Conserve your working capital for growth initiatives and investing in your employees.

4) PAY FOR USE, NOT OWNERSHIP

Assets with short life spans are not worth the cash outlay to invest in ownership. Convert your payments to rent expenses which ultimately net you less than the original equipment investment.

5) GAIN FLEXIBILITY

Depending on what is best for your business, simply select the option to return, extend, or purchase the equipment at the end of your lease.

6) BOOST YOUR INCOME STATEMENT

Unlike finance leases, operating leases allow you to evenly distribute your rent expenses over the course of the lease term, avoiding front-loaded interest expense.
